## SUMMARY

To have a growth-oriented and challenging career, where I can contribute my knowledge and skills to the organisation and enhance my experience through continuous learning.

## EXPERIENCE

### Front-End Developer

Zuul, Bangalore

JUN 2023 - JAN 2024

- **Front-End Developer (6 months):** Contributed to various projects, gaining hands-on experience in web development with technologies such as HTML, CSS, JavaScript, and React.
- **Professional Transition:** Spent some months on the bench, which led to my decision to seek new opportunities where I can continue to grow and apply my skills effectively.

### EMBEDDED DEVELOPMENT

Enarxi, Chennai

SEP 2022 - FEB 2023

- **Embedded Developer:** Worked on software development, utilizing the EasyEDA design tool for PCB designs.
- **Hardware Development:** Managed hardware development processes, including etching, drilling, and Surface Mount Device (SMD) techniques.
- **Professional Transition:** My role was impacted due to company layoffs.

## SKILLS

- **Coding:** HTML, CSS, JavaScript, React, UI/UX Design
- **Version Control:** Git, GitHub
- **Tools:** Visual Studio Code, Figma, Sublime Text

## EDUCATION

- **Master's in Electronics Communication and Systems 2022**  
Sri Krishna Arts and Science College, Coimbatore — 86%
- **Bachelor's in Electronics 2020**  
St. Joseph's Autonomous College, Trichy — 72%

- **HSC (Higher Secondary Certificate) 2017**  
E.R. Higher Secondary School, Trichy — 70%
- **SSLC (Secondary School Leaving Certificate) 2015**  
E.R. Higher Secondary School, Trichy — 60%

## PROJECTS

### GPS Location Tracker using the Node MCU

- **IoT-Based Real-Time GPS Location Tracker (Final Year Project)**
- Developed a real-time GPS location tracking system using NodeMCU and the Blynk app.
- Utilized the Ublox Neo-6M GPS module to effectively track the device's location.
- The system displayed coordinates on the Blynk app in real time, allowing users to continuously monitor the device's location.

## PORTFOLIO

- Developed a portfolio to enhance my skills and learn new technologies.
- Showcased a variety of completed web development projects, each accompanied by detailed descriptions.
- Serves as a comprehensive representation of my skills and accomplishments across various areas.

## COURSES

- **Meta Front-End Developer (2023):** Gained comprehensive skills in HTML, CSS, JavaScript, React, UI/UX Design, and Version Control (Git/GitHub).

## CERTIFICATIONS AND AWARDS

- **Certificate of Merit in College Management (2018):** Awarded for outstanding performance in college management activities.

## AI-FOR-INDIA (2021)

- Completed the GUVI online workshop on building a face recognition system using Python as part of the completed event on April 25.

## DECLARATION

I hereby declare that all the information furnished above is true to the best of my knowledge and belief.

**PLACE:** Chennai
